SUBJECT INDEX

	Page
Aedes (*Finlaya*) *togoi* in studies of filariasis	259
Aedes (*Muscidus*) *quasiferinus*, colonization, SEM	128, x
Albendazole, treatment of intestinal capillariasis	507
Albendazole, treatment of strongyloidiasis	207
Amodiaquine, resistance of *P. falciparum*	202
Ampullarium canaliculatus, *A. cantonensis* growth in	248
An. balabacensis An. dirus, SEM	571
Angiostrongylus cantonensis from gamma-irradiated larvae	547
Angiostrongylus cantonensis in *Ampullarium canaliculatus*	248
Anopheles balabacensis and *An. leucosphyrus*	241
Anopheles quadrimaculatus, *Brugia malayi* in	521
Antibodies against *Vibrio cholerae*	33
Antibodies to dengue viral polypeptides	362
Anti-*Plasmodium falciparum* antibodies	24
Antirabies, Semple vaccine, complications	526
Artemether, case of Black water fever	97
Bacillus cereus, in immunocompromised patient	112
Bleeding problem in dengue haemorrhagic fever	407
Brugia malayi development in gerbils	183
Brugia malayi, non-periodic form, vectors	127
Brugia malayi, scanning electron microscpy	14
Brugia malayi, third-stage larvae, SEM	261
Brugia pahangi, exsheathment in *An. quadrimaculatus*	521
Carbazochrome sodium sulfonate in DHF	356
Catalase activities in *P. berghei* infection	134
Cephalosporins, susceptibility of *Pseudomonas pseudomallei*	94
Clinical spectrum of dengue haemorrhagic fever	392
Coagulation changes in dengue haemorrhagic fever	407
Complement and dengue haemorrhagic fever	316
Cryopreservation of *Brugia malayi*	488
Cryptosporidiosis in Bangkok hospital	229
Culex pipiens complex D/V ratio of male genitalia	115
Culex quinquefasciatus, exsheathment of *B. pahangi*	521
Dengue fever in Filipino children	284
Dengue fever/DHF in Singapore	295
Dengue haemorrhagic fever in Indonesia	269
Dengue haemorrhagic fever in Malaysia	278
Dengue viral polypeptides, antibodies	362
Dengue 2 virus, neurovirulence	52
Dengue virus infection, thrombocytopenia	351
DHF, immunological aspects	312
DHF in Thailand	291
DHF, pathogenesis	321
DHF unusual manifestations	398
DHF virological studies	275
Diffusion-in-gel enzyme-linked immunosorbent assay	502
Dirofilaria immitis in stray dogs	131
Disseminated intravascular coagulation in DHF	303
Echinostoma malayanum, scanning electron microscopy	233
Effect of heparin in dengue haemorrhagic fever	380
ELISA in detection of malarial antibodies	502

	Page
Falciparum malaria, slow intravenous *vs* quinine infusion	85
Filariasis, subperiodic *Wuchereria bancrofti*	218
Flunarizine inhibit *P. falciparum* growth	253
Gnathostoma doloresi, antigenicity	444
Gnathostoma malaysiae from *Rattus surifer*	121
Gnathostoma spinigerum specimens	215
Gnathostomiasis, immunodiagnosis	444
Haemoglobin in Thai children	567
Hemophilia, home therapy	552
Helminth ova, SEM	1
Hemodynamic changes in shock, DHF	326
Hemolytic uremic synchome associated with shigellosis	226
Hemostatic derangement in dengue haemorrhagic fever	331
Heparin effect on platelets in DHF	380
Hepatitis B viral antigen in *Culex quinquefasciatus*	44
IFA test in malaria	502
IgM detection in dengue infection	532
Immunization in urban Southeast Asia	433
Immunological changes in patients with DHF	340
Immunological aspects of dengue haemorrhagic fever	312
Immunoperoxidase study of gastrointestinal lesions	467
Intestinal parasites on Palawan, Philippines	197
Intestinal capillariasis, treatment with albendazole	507
Intestinal parasitoses among workers at dam projects	89
Isosporiasis in Thailand, a case report	107
Japanese encephalitis in suburban Bangkok	558
Leishmaniasis, visceral	103
Lymphatic filariasis, laboratory transmission	73
Management of dengue haemorrhagic fever	392
Mannitol in DHF patients	373
Measles hemagglutination inhibition serology	56
Mebendazole in hookworm infection	211
Mefloquine-sulfadoxine-pyrimethamine *vs* quinine	223
Mefloquine resistant *P. falciparum* from Thailand	438
Methylprednisolone in dengue shock patients	373
Necator americanus in vitro, adherence of eosinophils	66
Neurovirulence of dengue 2 on brain and spinalcord	52
Non-human primate erythrocytes for measlse HI serology	56
Opisthorchiasis viverrini, physicochemical characterization	
Oral vaccine against cholera prepared from *V. cholerae* antigen	142
Paragonimus, first intermediate host	265
Parasitic flagellates, methods for determination	539
Parasitic infection, serodiagnosis by ELISA	193
Pathogensis of dengue haemorrhagic fever	321
Pathophysiology of shock in viral haemorrahgic fevers	390
Peroxidase-antiperoxidase staining for dengue 2 antigen	137
Plasmodium falciparum in vitro, microculture drug assay	179
P. falciparum antibodies in cerebral malaria	171

	Page
P. falciparum increased resistance to amodiaquine	202
Plasmodium knowlesi, renal clearance in monkeys	59
P. knowlesi, renal plasma flow	186
Plasmodium vivax infected red blood cells	39
Pneumococcal infection in Malaysia	79
Polarisation fluoroimmunoassay for quinine	149
Proceedings of meeting on DHF	369
Pseudomonas pseudomallei in vitro susceptiblity to cephalosporins	94
Phycomycosis, subcutaneous	479
Quinine resistant falciparum malaria in Vanuatu	101
Quinine, slow intravenous *vs* conventional infusion	85
Quinine *vs* mefloquine-sulfadoxine-pyrimethamine	223
Recommendations, meeting on DHF	413
Saudi Arabian *Schistosoma mansoni*	156
Scanning electron microscopy, *Brugia malayi*	14
Scanning election microscopy of *Echinostoma malayanum*	233
Scanning electron microscopy of helminth ova	1
Scanning electron microscopy of hybrid schistosome	453
Schistosoma mansoni and *Biomphalaria arabica*	156
S. mansoni cercariae, duration of exposure	449
S. mansoni cercariae, effects of temperature, pH	166
S. mekongi and *S. japonicum*-like, SEM of hybrid	453
S. mekongi lung migration pattern	484
S. spindale lung-migration pattern	484
Semple vaccine, neurological complications	526
Shigellosis, hemolytic uremic syndrome	226
Specific IgM in dengue infection	532
Spleen in falciparum malaria	491
Steriods in dengue shock syndrome	383
Strongyloidiasis, treatment with albendazole	207
Subcutaneous phycomycosis	479
Superoxide dismutase activity in *P. berghei* infected mice	134
Thrombocytopenia in dengue virus infection	356
Ultrasturctural study of spleen in falciparum malaria	491
Verapamil inhibit *P. falciparum in vitro*	253
Vibrio cholerae toxin, antibodies	33
Viral-antigen-strips/enzyme-immunoassay	362
Vivax malaria	39
Viral haemorrhagic fevers, pathophysiology	390
Vitamin K in breast milk	568
Wuchereria bancrofti, *Brugia malayi* development	183
W. bancrofti, SEM	261
